

DOI Work Activity 5N: Operate and Evaluate Roads

Program Area:	Recreation
End Outcome Goal:	REO 1 – Provide for a Quality Recreation Experience, Including Access and Enjoyment of Natural and Cultural Resources
Intermediate Outcome:	RIO 1.4 – Manage and Protect Recreational Resources and Users
DOI Sub process:	4c – Provide facilities

Examples/Notes: Roads owned by the Department of Interior include all highways and thoroughfares designed to accommodate motorized traffic. These can include driveways to sites in the National Park Service or other DOI bureau, highways enclosed and within the property of DOI facilities, and dirt roads within DOI property used only by DOI staff. The road can serve the purpose of any DOI goal, whether Resource Protection, Recreation, or Serving Communities. If the road is open to traffic, it is being successfully operated.

Work Activity Description: This activity entails all types of work and effort needed to keep roads safe and in good operating condition, aside from repairs and other types of annual and deferred maintenance (**see DOI Work Activity 4D - Maintain Roads**). Such work includes collecting road tolls, studies or surveys to review or monitor road and traffic conditions, plowing snow, clearing debris and landslides (short of repairing damages to the road itself), accessibility retrofits and enhancements, energy conservation, inspections, corrective actions in response to facility audits, signage, and other minor upkeep. Applicable costs include material, DOI staff labor, contract services, equipment rental, and contract supervision.

Output: Miles of road maintained/supported.	Unit of Measure: Number of miles of road maintained/supported
Inputs: Staff time, equipment, materials, fuels.	Cost Drivers:
